

**TEACHERS FOR TOMORROW PROGRAM
APPLICATION FOR ADMISSION**

Liberal & Civic Studies Program
Saint Mary's College of California

I have examined the special features of Teachers for Tomorrow, which combines undergraduate coursework in the Liberal & Civic Studies Program with early field experiences and theory courses in the School of Education at Saint Mary's College of California. This program leads to a Bachelor of Arts degree at the end of four years, and, at the end of five years, a Multiple Subject teaching credential and possible Master of Arts in Teaching (MAT) degree with additional coursework and research components. I recognize that this program is designed for freshman and sophomore students, including transfer students, who have a strong academic record in high school, good writing skills, and enough foreign language study (preferably 3 years) to enable them to complete the L&CS language requirements with two courses or fewer.*

I would like to be considered for admission to the Teachers for Tomorrow program.
