

Matriculated students with a "B" average may audit one course each term in addition to the regular class load. Students in the Continuing Education (Part-Time) Program may audit any courses within their prescribed enrollment limits. Students may audit only those courses which have adequate space and facilities to accommodate them, with permission of the instructor. However, not all courses nor all subject matter fields lend themselves to being audited. AN AUDITOR IS NOT REQUIRED TO PARTICIPATE ACTIVELY IN COURSE WORK NOR TAKE EXAMINATIONS and therefore does not receive credit. Students have an audited course included on the permanent record—with the mark "Z" for audit—and pay the indicated fee.
