

LiveSafe®

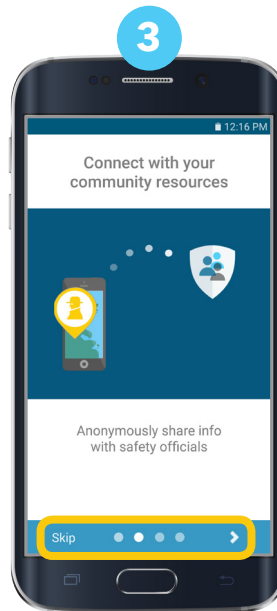

Download LiveSafe for Android: Step-by-Step Guide

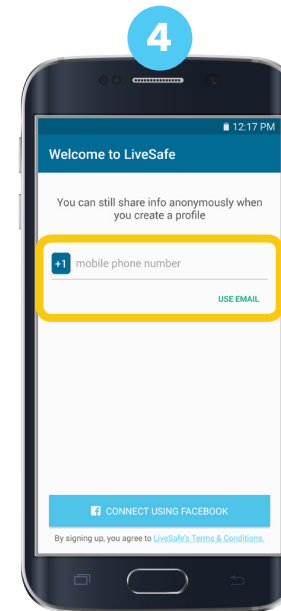

Open Google Play
Open the Google Play app store on your device. Tap the search box at the top of the page.

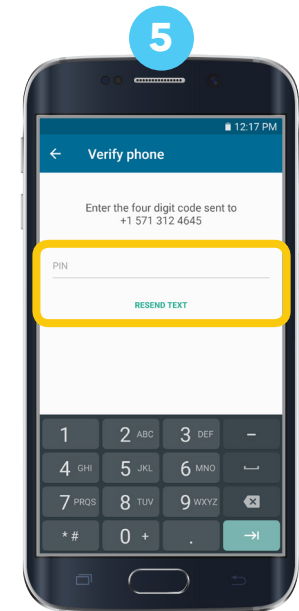

Download LiveSafe
Search for "LiveSafe" and tap "Install" to download. Tap "Open" to start registering.

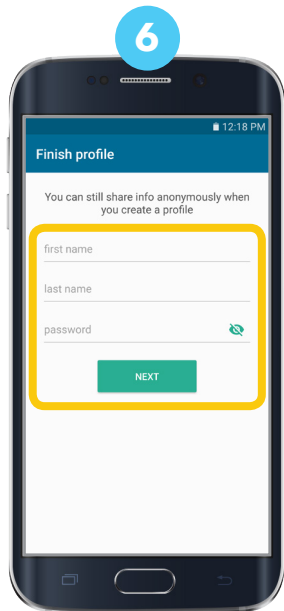

Tutorial
Swipe to the left to start. Read the tutorial or continue to registration by tapping "skip" at the bottom.

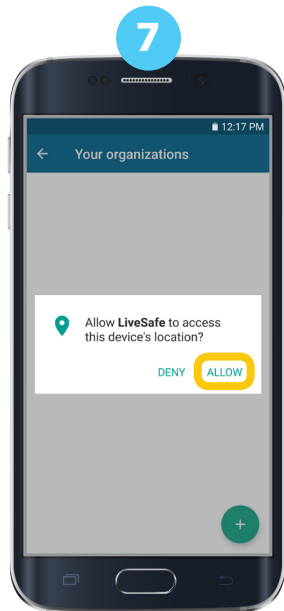

Start registering
Enter your mobile phone number. To verify your account, a four digit code will be sent via SMS text message.

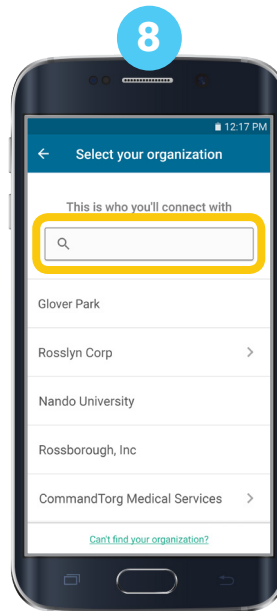

Verify your contact
When prompted, verify your account for the registration method chosen. Either enter the four digit code sent to you via SMS text message or tap the link sent to your email address.

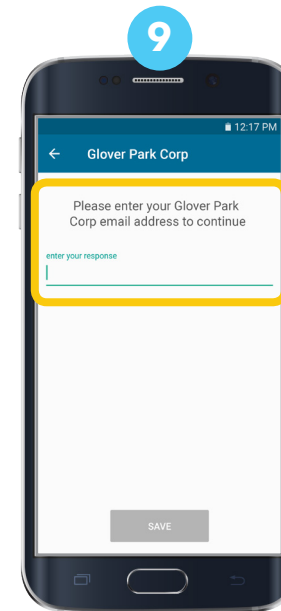

Finish your profile
Enter your first and last name. Create a password and tap "Next" at the top right.

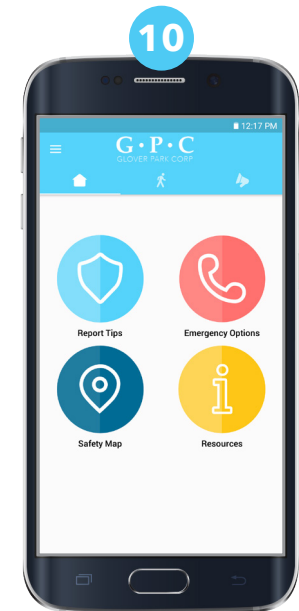

Enable location
When prompted, enable "Allow Location Sharing" by tapping "Allow".

Select organization
Search for and select your organization. If prompted, select your respective community. If you downloaded LiveSafe via a deeplink, you'll automatically be directed to your organization's instance of the app.

Additional questions
If your organization has required an additional registration question, answer it.

Welcome!
Allow permissions when prompted. You'll know you are in the right place when you see your organization's logo in the top banner.
