

# In the Know: Title IX Response

**Staff Day**  
**Thursday, August 15, 2019**

*Dr. Evette Castillo Clark, Dean of Students*  
*Cynthia Cooke St. Ange, Title IX Investigator*

# Title IX - Definition

---

“No person in the United States shall, **on the basis of sex**, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving Federal financial assistance.”

Title IX of the Education Amendments of 1972.

# Title IX - Scope

---

1. **Protects students and employees** from sexual harassment by any school employee, student, or non-employee third party
2. **Protects third parties** from sexual harassment or violence in a school's education programs and activities (e.g., high school/undergraduate students participating in recruitment programs, those visiting in residence halls, etc.).

# Title IX - Notice

---

Under Title IX, if a school knows or reasonably should know about sexual harassment that creates a hostile environment, the school **must ELIMINATE the harassment, PREVENT its recurrence, and ADDRESS its effects.**

A school violates Title IX if it has “notice” of a sexually hostile environment and fails to take immediate and corrective action.

# Title IX - Notice

---

Universities are deemed to have **notice** if a **responsible employee** knew, or in the exercise of reasonable care, should have known about the harassment.

A **responsible employee** includes any employee who:

- Has the **authority** to take action to redress the harassment;
- Has the **duty** to report to appropriate school officials sexual harassment or any other misconduct by students or employees; or
- A student could **reasonably believe has the authority or responsibility** to take action.

# Survey of Healthy and Unhealthy Relationships (SHUR, 2019)

- Administered in February/March 2019 (expands on the Survey of Sexual Assault and Sexual Misconduct (SSASM) administered in fall 2017).
- SSASM was sent to a random sample of both UG and GR students and yielded responses from 162 undergraduate women, 92 undergraduate men, and very few graduate students.
- SHUR - sent to all 2643 undergraduates

485 women (26.1% response rate) and 205 men (21.5% response rate).

3 sections: explicit review of campus policies; a series of questions about healthy and unhealthy dating relationships; and a repeat from SSASM of the key items documenting the undergraduate experience with non-consensual sexual contact and sexual assault.

# Survey of Healthy and Unhealthy Relationships (SHUR, 2019) – Student Comments

The 3rd to last page of questions was very triggering. Glad i had the option to skip it.

I didn't know my past relationship was that unhealthy, thanks for making me think about it.

While I did not report my incident, taking this survey gave me some sort of closure about the incident and informed me that it was not my fault.

Possibly creating a seminar on healthy relationships and what they mean.

Not a bad survey, honestly. I love the waiver part, I don't have any fines but that's a hell of an incentive.

Not enough is done at Saint Mary's. I know of people who have raped individuals and were still able to graduate.

I highly doubt the responses from this survey will in any meaningful way impact the staggering amount of sexual assaults that take place on this small campus.

# Title IX Committee Purpose

---

- The committee works to ensure positive compliance with Title IX, the Clery Act, and other laws and regulations related to gender discrimination and sexual violence. The committee will ensure that all employees and students know how to identify and report, as well as intervene and interrupt, prohibited behavior.
- The committee will review and make recommendations about campus policies, programs and initiatives designed to address sexual and gender-based harassment, sexual violence, relationship and interpersonal violence and stalking. The committee will provide support as needed for the implementation and evaluation of new or amended policies for students, faculty and staff.
- The committee will foster communication and collaboration in prevention efforts in order to raise awareness of the impact of interpersonal violence on campus, reduce the occurrence of such acts, and to promote safety, health and well-being.
- The committee will engage the campus community to promote forums and conversations that foster a campus climate free of sexual violence.
- The committee will provide guidance to campus leadership to advance systemic change and overall improvement of the campus climate relating to protections provided by Title IX.
