

In the Know: Title IX Response

Staff Day
Friday, August 23, 2019

Dr. Evette Castillo Clark, Dean of Students
Cynthia Cooke St. Ange, Title IX Investigator

Title IX - Definition

“No person in the United States shall, **on the basis of sex**, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving Federal financial assistance.”

Title IX of the Education Amendments of 1972.

Title IX - Scope

1. **Protects students and employees** from sexual harassment by any school employee, student, or non-employee third party
2. **Protects third parties** from sexual harassment or violence in a school's education programs and activities (e.g., high school/undergraduate students participating in recruitment programs, those visiting in residence halls, etc.).

Title IX - Notice

Under Title IX, if a school knows or reasonably should know about sexual harassment that creates a hostile environment, the school **must ELIMINATE the harassment, PREVENT its recurrence, and ADDRESS its effects.**

A school violates Title IX if it has “notice” of a sexually hostile environment and fails to take immediate and corrective action.

Title IX - Notice

Universities are deemed to have **notice** if a **responsible employee** knew, or in the exercise of reasonable care, should have known about the harassment.

A **responsible employee** includes any employee who:

- Has the **authority** to take action to redress the harassment;
- Has the **duty** to report to appropriate school officials sexual harassment or any other misconduct by students or employees; or
- A student could **reasonably believe has the authority or responsibility** to take action.

Survey of Healthy and Unhealthy Relationships (SHUR, 2019)

- Administered in February/March 2019 (expands on the Survey of Sexual Assault and Sexual Misconduct (SSASM) administered in fall 2017).
- SSASM was sent to a random sample of both UG and GR students and yielded responses from 162 undergraduate women, 92 undergraduate men, and very few graduate students.
- SHUR - sent to all 2643 undergraduates

485 women (26.1% response rate) and 205 men (21.5% response rate).

3 sections: explicit review of campus policies; a series of questions about healthy and unhealthy dating relationships; and a repeat from SSASM of the key items documenting the undergraduate experience with non-consensual sexual contact and sexual assault.

Survey of Healthy and Unhealthy Relationships (SHUR, 2019) – Student Comments

The 3rd to last page of questions was very triggering. Glad i had the option to skip it.

I didn't know my past relationship was that unhealthy, thanks for making me think about it.

While I did not report my incident, taking this survey gave me some sort of closure about the incident and informed me that it was not my fault.

Possibly creating a seminar on healthy relationships and what they mean.

Not a bad survey, honestly. I love the waiver part, I don't have any fines but that's a hell of an incentive.

Not enough is done at Saint Mary's. I know of people who have raped individuals and were still able to graduate.

I highly doubt the responses from this survey will in any meaningful way impact the staggering amount of sexual assaults that take place on this small campus.

What do I do if I'm Approached and Need to Report?

RESPOND

- Introduce yourself.
- Ask them: *"How are you doing?"* Listen.
- Ask them: *"What would you like to tell me? Please know first that I'm not a confidential resource so if you give me a name, I have to share that information for an investigation to launch."* Listen and take notes.
- Tell them: *"As a responsible employee of the College, I have to share this information with the DOS or HR so that they can investigate. You can be involved with the process or you don't have to, but here are your resources so you can take care of yourself and your needs."*
- Jot Down: names; contact info of complainant (and respondent if shared); date and location of incident, brief description of incident; who are students, staff, faculty or other.

What do I do if I'm Approached and need to Report? (cont.)

- DO NOT judge or have an opinion about the complainant.
- DO NOT judge or have an opinion about the respondent.

REFER

- Give the complainant resources: CARE Hotline, CARE Director, Ctr. for Women & Gender Equity, CAPS, P-Safe, DOS or HR, MPD.
- Close the conversation and thank them for talking with you (give them your information if they want it) or Walk them to any of the offices/resources where they feel most comfortable.

REPORT

- Contact DOS or HR with the information you now have.
