The Division of Student Life had a successful fall semester in supporting the growth and success of Saint Mary's students! Student Life staff intersects at multiple points of a student's journey at Saint Mary's. With areas that promote students' living experiences, wellness, and engagement, Student Life accompanies students on their academic and co-curricular journey at Saint Mary's. The Division of Student Life creates a sense of belonging, offers participatory opportunities, and encourages students to contribute back their talents. Departments within Student Life include Campus Assault, Response, and Education (CARE), Campus Housing, Community Life, Center for Women & Gender Equity, Counseling and Psychological Services, the Dean of Students, Intercultural Center, New Student & Family Programs, Campus Safety & Transportation, Campus Recreation & Club Sports, Residential Experience, Student Involvement and Leadership, and the Student Health Center.

MESSAGE FROM VPSL

Continued drive towards a positive lived experience, greater engagement, and wellness for all of our students.

The fall semester was highlighted by increased participation, the establishment of new programs and initiatives, and the increased usage of critical student resources. The new Student Enhancement Fee created lasting memories for students and improved their campus experience. Two new fall events, Fall Fest, which included a concert, hypnotist, and DIY activities, and Winter Fest, highlighted by ice skating under the Chapel, drew hundreds of students. Campus Recreation re-established their outdoor adventure programs, taking students river rafting, to the Monterey Bay Aquarium, and horse-back riding, just to name a few. A wellness initiative brought students opportunities to participate in meditation, fitness classes, and healthy habits workshops. Partnerships between CARE, Athletics, and Club Sports drew over 400 students to the first fall 'Teal Out' (sexual violence awareness) sports day. Students were drawn to the pool's new furniture and enjoyed enhanced experiences for welcome events and various fairs. The Enhancement Fee brought over 50 new fall programs to the campus!

Ensuring students' minds, bodies, and souls are nourished is important work of our staff. The Student Health Center had close to 1,000 clinical visits. Counseling services, with a 37% increase in total appointments, served over 10% of the undergraduate population. The first full-time athletic trainer dedicated to Club Sports served over 100 students and provided over 800 sessions. Campus Safety & Transportation unveiled a new emergency management system, GaelSafe, and upgraded its parking system, in addition to hosting an active shooter training day with local emergency responders. Various divisional departments sponsored events and provided resources to students impacted by violence around the world.

Student leadership and engagement continues to build momentum. The Associated Students (student government) planned and executed their first off-campus leadership retreat in over 10 years and had all of their positions filled for the first time in over 5 years. One in four students participated in student-driven Intercultural Center events such as Feel Good Friday. Weekly events emanating from the CWGE drew over 400 participants from around campus. Clubs and organizations hosted over 250 events in the fall!

The departments within Student Life also made strides in serving graduate students. The Student Health Center and Counseling & Psychological Services both now offer their important resources to graduate students. Over 20% of all graduate students utilized the recreation center and graduate students attended various campus events.

I eagerly anticipate the upcoming spring and the bountiful programs and initiatives that are planned. With over 15 new staff having joined our Division since summer, it is humbling to see the dedication and passion of our staff and their commitment to providing a positive experience for our students! We are fully committed to continuing to drive towards a more positive lived experience, greater engagement, and continued wellness of all of our students. We thank you for exploring all that Student Life provides!

James Sciuto Ed. D
Vice President for Student Life

Special Events

FA23

FAIRS, FESTIVALS, DANCES & MORE

Over 5500 participants in special events.

Special events are considered unique gatherings on or off campus that occur one time during the academic year with a focus of school spirit, belonging or community building. Special events hosted by Student Life involve cross-collaborations and various contributing sources.

Workshops

FA23

Twenty-seven different offerings with over 1000 participants

Student Life supports a students' successful journey at SMC with workshops and facilitated programs by professionals to create an opportunity for students to connect with others about topics and interests across campus. The offerings of these type of activities are essential to the growth and development of student leaders, group dialogue, conflict resolution and community building. At times the facilitations provides a space to offer discussion around sensitive and challenging topics. In addition, programs that focused on well-being help students navigate college life.

Type of Workshops	Number of Participants
Activism/Artivism	389
Community Building	450
Self Care	207

I learned that speaking up about a situation is not a bad thing if it means you're impacting and changing someone's life. Also the many resources we have on campus and off campus that we can go to if we need help or to seek help for someone.

Intentionality

FA23

Intentional engagement is a component of Student Life that reflects on the ways a student at SMC participants or attends programs and services by taking the first step with self initiation. These services often involve dedicated and regular operating hours or consistent weekly programming.

Social Engagement Opportunities | Fall 2023

2360

Recreation Center Reservations

2360 reservations made by
Student group, Club or
Organization requests for
rooms in the rec center.

89 | 63

Intramural Sports

89 Participants in 63 games
involved in weekly intra-campus
sports

882

Fitness Classes

882 participants in weekly
fitness classes taught by
professionals.

254

Club Sport Practices

Scheduled weekly practices for
Club Sports in the Rec Center,
Turf Field and/or Pat Vincent
Field.

Active Lifestyle Engagement

Making exercise and physical
activity an internal motivation by
providing easy accessibility.

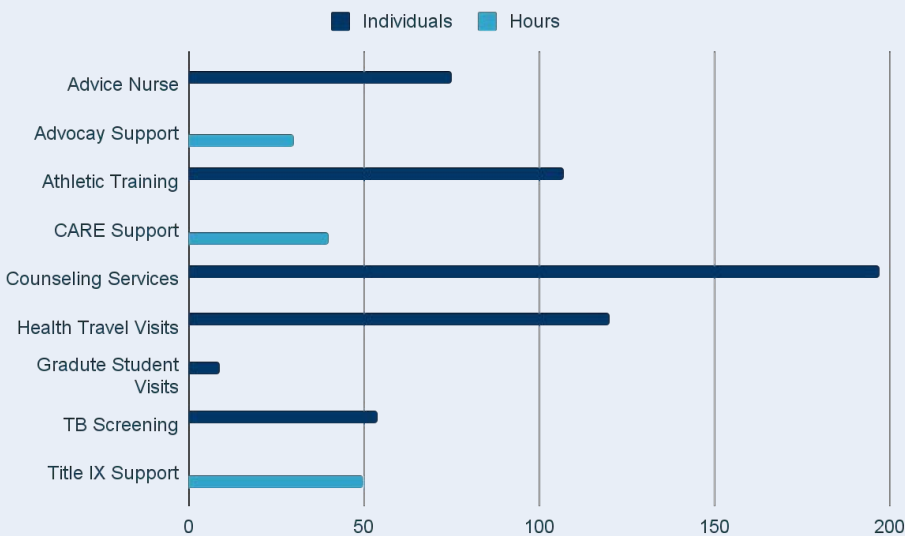

The intentional engagement requires the student to self invest to these services specifically targeted to their success. Throughout their journey at SMC these programs make an impact on their positive experience.

Living & Learning Residents

Student Safety, Well-being, & Rights and Responsibilities

FA23

Ensuring student safety and well being is an integral part of the work of the division of Student Life. It is also important that students understand the importance and value of living and learning in a community in which all members respect one another, and are accountable to the policies and practices that ensure a healthy and safe community. The Office of Campus Safety, the Office of Community Life, the Outreach, Referral, and Behavioral Intervention Team (ORBIT) and BIRT (Bias Incident Response Team) all work toward these goals through a variety of services, programs, and outreach. During the fall semester of 2023 a review and audit of practices have allowed for the departments to better position themselves to improve support and enhance services. Collaborations within the department and across campus are essential to crisis management, navigating conflict resolution, staff and student training, and overall engagement.

The Office of Community Life works to support students well being, conflict management, and community responsibility by managing the student conduct process, providing support and outreach in response to care form submissions, and working in collaboration with the Dean of Students office to connect students to campus resources and supports.

Campus Safety & Transportation

Safety services that support students, staff, faculty, administers and visitors.

- Patrolling the campus and promoting safety.
- Staffing the front kiosk at the main road to monitor traffic and bolster safety. The kiosk serves as our dispatch center where we take calls and broadcast information to officers on campus.
- Responding to requests for assistance to include lock outs, collaborating with stakeholders on campus to include students, and managing parking related issues.
- Locking up all buildings at night and unlocking them early in the morning.
- Attending and Supporting events on campus.
- Managing the SMC Lyft and County Connection bus programs.
- Responding to all calls for assistance.
- Serving as the connection for local police and fire.
- Monitoring the Gael Safe App.
- Preparing for emergencies and disasters.
- Responding to fire and burglar alarms on campus property, to include at the Rheem Center.
- Enforcing parking violations and coordinating parking for events.

Outreach

FA23

Outreach to our local community is imperative to the positive exposure of Saint Mary's College. Our reach extends past Moraga and provides educational and financial opportunities.

Professional Safety Training

Active Shooter drills on campus with first responders from Moraga police and fire, Lafayette police, Orinda police, and personnel from the Contra Costa County Sheriff's Office as well as the Contra Costa Fire District.
