Certificate of Finances

The United States Department of State requires that Saint Mary's College of California verify the financial resources of all international students before issuing a Certificate of Eligibility Form I-20. It is important to the visa application process that you read and complete this form carefully.

When you apply for the F-1 Nonimmigrant Visa from a United States Embassy or Consulate, you will be required to prove that you have sufficient funds to support yourself during your studies at Saint Mary's. It is recommended that you retain all related financial documents for that purpose.

The estimated total cost of attendance for one academic year is listed below. You are required to demonstrate that you have at least the estimated total cost of attendance to be eligible for an I-20. It is important to note that your academic program may be longer than one academic year and may cost more than what is estimated below.
