Warning

Warning reflects the Commission's finding that an institution fails to meet one or more of the WSCUC Standards of Accreditation. While on Warning, any new site or degree program initiated by the institution is regarded as a substantive change (see the

Substantive Change Manual for details). The accredited status of the institution continues during the Warning period.

When the Commission finds that an institution fails to meet one or more of the Standards of Accreditation, it is required to notify the institution of the deficiencies and establish a time period within which the deficiencies must be corrected. Under the Commission's policies the timeframe may not exceed two years. If an institution has not remedied the deficiencies at the conclusion of this sanction period, the Commission is required to withdraw the institution's accreditation or extend the timeframe for good cause shown. The initial extension may not exceed two years.

An institution under sanction must address the areas cited by the Commission expeditiously, with seriousness and the full attention of the institution's leadership. It is the responsibility of the institution to demonstrate to the Commission that it has understood the issues raised in this letter, responded to them satisfactorily, and has made the necessary changes to come into compliance with Standard 3. It is the responsibility of the Commission to determine whether the institution has made the necessary corrections and has come into compliance with Standard 3.

Non-Compliance with Standards: Deficiencies to be Addressed

Standard 3, CFRs 3.4 and 3.5. Saint Mary's College of California has experienced multiple years of declining enrollment and deteriorating finances resulting in ongoing operating deficits that endanger the financial sustainability of the institution. The institution must show progress in implementing a comprehensive and evidence-based strategic enrollment and financial sustainability plan.

Areas for Development

The Commission also requires the institution to respond to the following areas for development:

1. Stabilize and strengthen the institution's financial condition to align revenue and enrollment with expenditures and capital commitments, ensuring long term sustainability. (CFRs 3.4, 3.5)
2. Continue to build trust by regularly and systematically disseminating budget, enrollment, and student outcomes data across campus. (CFRs 3.4, 3.10)
3. Enhance efforts to examine how campus climate impacts student success, and act on those findings. (CFR 4.3)

Maximum Timeframe

The deficiencies identified in this letter must be corrected within the maximum timeframe which extends until June 30, 2028, unless extended by the Commission for good cause. The Commission may take further action if warranted before the end of that timeframe.

Next Steps

The Commission requires a meeting between the WSCUC staff and representatives of Saint Mary's College of California, including the Chief Executive Officer, representatives of the governing board, and senior faculty leadership, within 90 days from the date of this letter. The purposes of the meeting are to discuss the reasons for the Commission's findings and bases for decision, to review the actions taken as of the date of the meeting, and to discuss the institution's plans for responding to this Commission action. WSCUC will contact Saint Mary's College of California's ALO to make arrangements for this meeting.

Commission policy requires that in the case of a sanction, a public statement will be prepared in consultation with the institution acknowledging the institution's status. The Commission reserves the right to make the final determination of the nature and content of the public statement. The institution must post the statement within seven business days, along with a copy of the Commission letter, in a readily accessible location on the institution's website and accompanying every reference to WSCUC accreditation. The institution must also provide evidence to WSCUC that the public statement has been posted.

Enclosed is a copy of a sample public statement, which Saint Mary's College of California may use as it stands. If you wish to propose revisions to the sample, your proposed changes must be forwarded by email to Vice President Susan Opp within 24 hours of receipt of this letter. In addition, any reference to WSCUC accreditation on the website and in public statements must be accompanied by the words "Currently on Warning."

Submit a Teach-Out Plan

An institution placed on Warning by the Commission must submit to WSCUC a teach-out plan that would be implemented if the institution were to close. A teach-out plan identifies opportunities for the students of a closing institution to complete their program at other institutions offering the same or similar degree programs, certificates, or curricula leading to professional licensure, regardless of students' academic progress at the time of closure. The WSCUC Teach-Out Plans and Agreements Policy and associated Guide provide information on what to include in a teach-out plan.¹

In accordance with Commission policy, a copy of this letter is being sent to the chair of Saint Mary's College of California's governing board. The Commission expects that the team report and this action letter will be posted in a readily accessible location on the

¹ 34 Code of Federal Regulations § 668.43(a) (19) states: "Information that the institution must make readily available to enrolled and prospective students under this subpart includes. . .[i]f the institution is required to maintain a teach-out plan by its accrediting agency, notice that the institution is required to maintain such teach-out plan and the reason that the accrediting agency required such plan under § 602.24(c)(1). . ."

Saint Mary's College of California website and widely distributed throughout the institution to promote further engagement and improvement and to support the institution's response to the specific issues identified in these documents. The team report and the Commission's action letter will also be posted on the WSCUC website within one business day of the date of this letter. If the institution wishes to respond to the Commission action on its own website, WSCUC will post a link to that response on the WSCUC website.

Finally, the Commission wishes to express its appreciation for the institution's preparation and support for this Special Visit review. WSCUC is committed to an accreditation process that adds value to institutions while contributing to public accountability, and we thank you for your continued support of this process. Please contact me if you have any questions about this letter or the action of the Commission.

Sincerely,
