**SAINT MARY'S COLLEGE OF CALIFORNIA 403 (B) DEFINED CONTRIBUTION RETIREMENT PLAN
SUMMARY OF PLAN PROVISIONS
INTRODUCTION TO YOUR PLAN**

Saint Mary's College of California 403 (b) Defined Contribution Retirement Plan ("Plan") has been adopted to provide you with the opportunity to save for retirement on a tax advantaged basis. This Plan is a type of retirement plan known as a 403(b) plan. This Summary of Plan Provisions contains information regarding when you may become eligible to participate in the Plan, your Plan benefits, your distribution options, and many other features of the Plan. You should take the time to read this Summary to understand the features of the Plan.

This Summary addresses the most common questions you might have regarding the Plan. If this Summary does not answer all of your questions, please contact the Plan Administrator or other Plan representative. The Plan Administrator is generally responsible for responding to questions and making determinations related to the administration, interpretation, and application of the Plan, unless those responsibilities have been delegated to other parties. The name of the Plan Administrator can be found at the end of this Summary in the Article entitled "General Information about the Plan."

This Summary describes the Plan's benefits and obligations as contained in the legal Plan document, which governs the operation of the Plan. The Plan document is written in much more technical and precise language and is designed to comply with applicable legal requirements. If the non-technical language in this Summary and the technical, legal language of the Plan document conflict, the Plan document always governs. If you wish to receive a copy of the legal Plan document, please contact the Plan Administrator.

This Summary describes the current provisions of the Plan. The Plan is subject to federal laws the Internal Revenue Code and other federal and state laws which might affect your rights. The provisions of the Plan are subject to revision due to a change in laws or due to pronouncements by the Internal Revenue Service (IRS). Your Employer may also amend or terminate this Plan. The Plan Administrator will notify you if the provisions of the Plan that are described in this Summary change.

Investment arrangement. The investment products you select (known as investment arrangements) may also affect the provisions of the Plan. In some cases the investment arrangements may limit your options under the Plan. This Summary does not address the provisions of the various investment arrangements. You should contact the Plan Administrator or the investment provider if you have questions about the provisions of your specific investment arrangements.

Types of contributions. The following types of contributions are allowed under this Plan:

- Employer nonelective contributions
- Employee rollover contributions

**ARTICLE I
PARTICIPATION IN THE PLAN**

How do I participate in the Plan?

Provided you are not an Excluded Employee, you can begin participating under the Plan once you have satisfied the eligibility requirements and reached your Entry Date, except as indicated below for reclassified employees. The following describes Excluded Employees, the eligibility requirements and Entry Dates that apply. You should contact the Plan Administrator if you have questions about the timing of your Plan participation.

Nonelective Contributions

Excluded Employees. If you are a member of a class of employees identified below, you are an Excluded Employee and you are not entitled to participate in the Plan for purposes of nonelective contributions. The employees who are excluded are:

- employees who normally work less than 20 hours per week. (However, if you actually complete a Year of Service, you will no longer be a part of this excluded class)
- employees who are enrolled as students and regularly attending classes offered by the Employer

See "Additional Excluded Employee provisions" below for special provisions that might apply in determining who is an Excludable Employee.

Eligibility conditions. You will be eligible to participate in the Plan for purposes of nonelective contributions when you have satisfied the following eligibility condition(s). However, you will actually participate in nonelective contributions once you reach the Entry Date as described below.

- attainment of age 21.
- completion of one (1) Year of Service.

Entry Date. For purposes of nonelective contributions, your Entry Date will be the first day of the month coinciding with or next following the date on which you satisfy the eligibility requirements.

Additional Excluded Employee provisions

Employees excluded include Bargaining Unit Faculty, other than Visiting Faculty and Salaried Adjunct Faculty. The terms 'Visiting Faculty,' 'Salaried Adjunct Faculty,' and 'Bargaining Unit Faculty' shall have the meaning provided in the collective bargaining agreement between the Institution and Service Employees International Union, Local 1021, effective May 20, 2016, and (where applicable) the Faculty Handbook.. See the Plan Administrator for additional information if you are not sure if this affects you.

Reclassified Employee

Regardless of the above, if it is determined that your Employer erroneously classified you as a non-Employee and you should have been treated as an Employee, you are not entitled to participate in the Plan.

How is my service determined for purposes of Plan eligibility?

Year of Service. You will be credited with a Year of Service at the end of the twelve month period beginning on your date of hire if you have been credited with at least 1,000 Hours of Service for such period. If you have not been credited with 1,000 Hours of Service by the end of such period, you will have completed a Year of Service at the end of any following twelve month period, based on your date of hire and anniversaries thereof, during which you were credited with 1,000 Hours of Service.

Hour of Service - Employees for whom hourly records are kept. You will be credited with your actual Hours of Service for:

- (a) each hour for which you are directly or indirectly compensated by the Employer for the performance of duties during the Plan Year;
- (b) each hour for which you are directly or indirectly compensated by the Employer for reasons other than the performance of duties (such as vacation, holidays, sickness, disability, lay-off, military duty, jury duty or leave of absence during the Plan Year) but credit will not exceed 501 hours of service for any single continuous period during which you perform no duties; and
- (c) each hour for back pay awarded or agreed to by the Employer.

You will not be credited for the same Hours of Service both under (a) or (b), as the case may be, and under (c).

Hour of Service - Employees for whom hourly records are not kept. The Plan does not credit you with your actual Hours of Service. Instead the Plan uses the Weekly "equivalency" method.

Under the equivalency method stated above, you will be credited with the stated number of Hours of Service for the period from the following list provided you complete at least one Hour of Service during the specified period:

- 10 Hours of Service for each day - (daily method)*
- 45 Hours of Service for each week - (weekly method)*
- 95 Hours of Service for each semi-monthly payroll period - (semi-monthly payroll period method)*
- 190 Hours of Service for each month - (monthly method)*

What service is counted for purposes of Plan eligibility?

Service with the Employer. In determining whether you satisfy the minimum service requirements to participate under the Plan, all service you perform for the Employer will generally be counted.

Service with Predecessor Employer. For eligibility purposes, your Years of Service with the following Employers will be counted. See the Plan Administrator for details if you think you may be affected by this provision.

- any Predecessor which is:
 - an Educational Organization providing post-secondary education

Service with Predecessor Employer - additional provisions

For purposes of eligibility for participation, Years of Service with an Eligible Employer during the period immediately preceding the Eligible Employee's Date of Employment with the Institution will be counted, subject to appropriate documentation of services from the prior Eligible Employer..

Military Service. If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service might be considered service with the Employer. If you might be affected by this law, ask the Plan Administrator for further details.

What happens if I'm a Participant, terminate employment and then I'm rehired?

If you are no longer a Participant because of a termination of employment, and you are rehired, then you will be able to participate in the Plan on the date on which you are rehired if you are otherwise eligible to participate in the Plan.

ARTICLE II EMPLOYEE CONTRIBUTIONS

What are rollover contributions?

Rollover contributions. Subject to the provisions of your investment arrangements and at the discretion of the Plan Administrator, if you are a Participant in the Plan, you might be permitted to deposit into the Plan distributions you have received from other plans and certain IRAs. Such a deposit is called a "rollover" contribution and might result in tax savings to you. You may ask the Plan Administrator of the other plan or the trustee or custodian of the IRA to directly transfer (a "direct rollover") to this Plan all or a portion of any amount that you are entitled to receive as a distribution from such plan. Alternatively, you may elect to deposit any amount eligible to be rolled over within 60 days of your receipt of the distribution. You should consult qualified counsel to determine if a rollover is in your best interest.

Rollover account. Your rollover contribution will be accounted for in a "rollover account." You will always be 100% vested in your "rollover account" (see the Article in this Summary entitled "Vesting"). Rollover contributions will be affected by any investment gains or losses.

Withdrawal of rollover contributions. You may withdraw the amounts in your "rollover account" at any time.

ARTICLE III EMPLOYER CONTRIBUTIONS

This Article describes Employer contributions that will be made to the Plan and how your share of the contributions is determined.

What is the Employer nonelective contribution and how is it allocated?

Nonelective contribution. Each Plan Year, the Employer will make to the Plan a nonelective contribution equal to 6.25% of the compensation of all Participants eligible to share in allocations. Your share of the contribution is determined below.

Nonelective contribution. Contributions for Eligible Employees who are tenured faculty with academic rank and who are employed under a reduced services agreement will be made according to the formula under Election 25(b)(1) except that the compensation base will be the amount which the faculty member would be paid as salary if the faculty member was teaching full time. Reduced Services Agreement means a written agreement between the Institution and a tenured faculty member to accept a Reduced Services Appointment under the conditions described in Section 2.2.3 of the Saint Mary's College Faculty Handbook.

The allocation conditions will not apply to these contributions and the former Employee will be fully Vested in such contributions. No former Employee will be eligible to receive such an allocation for a calendar year beginning more than 5 years after the employee has terminated. Only the following former Employees will be eligible to receive this contribution:

- former employees who are under a phased retirement program services agreement. Additional post-retirement nondiscretionary nonelective contributions may be made pursuant to an early retirement incentive program approved and implemented by the College in writing. Phased Retirement Program Services Agreement means a written agreement between the Institution and a faculty member to participate in the Phased Retirement Program described in Saint Mary's College of California Phased Retirement Program Policy Statement of April 1, 2007 and Section 2.2.3.1 of the Saint Mary's College Faculty Handbook

Allocation conditions. You will always share in the nonelective contribution regardless of the amount of service you complete during the Plan Year.

Your share of the contribution. The nonelective contribution will be "allocated" or divided among Participants eligible to share in the contribution for the Plan Year.

Your share of the nonelective contribution will be determined by the formula for making that contribution.

ARTICLE IV COMPENSATION AND ACCOUNT BALANCE

What compensation is used to determine my Plan benefits?

All Contributions

Definition of compensation. Compensation is defined as your total compensation that is subject to income tax and paid to you by your Employer for the Plan Year. The following describes the adjustments to compensation that apply for the contributions noted above.

Adjustments to compensation. The following adjustments to compensation will be made:

- elective deferrals to any other plan or arrangement (such as a cafeteria plan) will be included.
- compensation paid while not a Participant in the component of the Plan for which compensation is being used will be excluded.
- reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits will be excluded.
- expense allowances.
- military differential wage payments will be excluded.
- compensation paid after you terminate is generally excluded for Plan purposes. However, the following amounts will be included in compensation even though they are paid after you terminate employment, provided these amounts would otherwise have been considered compensation as described above and provided they are paid within 2 1/2 months after you terminate employment, or if later, the last day of the Plan Year in which you terminate employment:
 - compensation paid for services performed during your regular working hours, or for services outside your regular working hours (such as overtime or shift differential), or other similar payments that would have been made to you had you continued employment.
 - compensation paid for unused accrued bona fide sick, vacation or other leave, if such amounts would have been included in compensation if paid prior to your termination of employment and you would have been able to use the leave if employment had continued.
 - nonqualified unfunded deferred compensation if the payment is includible in gross income and would have been paid to you had you continued employment.

Additional compensation adjustment provisions

Compensation does not include payment for the purpose of complying with Workers' Compensation or unemployment compensation or disability insurance laws, or to reimburse the employee for medical or medically-related expenses.

Is there a limit on the amount of compensation which can be considered?

The Plan, by law, cannot recognize annual compensation in excess of a certain dollar limit. The limit for the Plan Year beginning in 2018 is \$275,000. After 2018, the dollar limit might increase for cost-of-living adjustments.

Is there a limit on how much can be contributed to my account each year?

The law imposes a limit on the amount of contributions that may be made to your accounts during a year. For 2018, this total cannot exceed the lesser of \$55,000 or 100% of your includible compensation (generally your compensation for the prior 12-month period, as limited under the previous question). After 2018, the dollar limit might increase for cost-of-living adjustments.

The above limit may also need to be applied by taking into account contributions made to other retirement plans in which you are a participant. If you have more than 50% control of a corporation, partnership, and/or sole proprietorship, then the above limit is based on contributions made in this Plan as well as contributions made to any 403(b) or qualified plans maintained by the businesses you control. If you control another business that maintains a plan in which you participate, then you are responsible for providing the Plan Administrator with information necessary to apply the annual contribution limits. If you fail to provide necessary and correct information to the Plan Administrator, it could result in adverse tax consequences to you, including the inability to exclude contributions to the Plan from your gross income for tax purposes.

How is the money in the Plan invested?

The Plan assets may be invested in mutual funds and Annuity Contracts. See the Plan Administrator for further details regarding permissible investments.

You will be able to direct the investment of your Plan account. The Plan Administrator will provide you with information on the investment choices available to you, the frequency with which you can change your investment choices and other information. If you do not direct the investment of your Plan account, then your account will be invested in accordance with the default investment alternatives your Employer establishes under the Plan. These default investments will be made in accordance with specific rules under which the fiduciaries of the Plan, including your Employer and the Plan Administrator, will be relieved of any legal liability for any losses resulting from the default investments. The Plan Administrator has or will provide you with a separate notice which details these default investments and your right to switch out of the default investment if you so desire.

When you direct investments, your account is segregated for purposes of determining the earnings or losses on these investments. Your account does not share in the investment performance for other Participants who have directed their own investments.

You should remember that the amount of your benefits under the Plan will depend in part upon your choice of investments. Gains as well as losses can occur and your Employer and the Plan Administrator will not provide investment advice or guarantee the performance of any investment you choose.

Periodically, you will receive a benefit statement that provides information on your account balance and your investment returns. It is your responsibility to notify the Plan Administrator of any errors you see on any statements within 30 days after the statement is provided or made available to you.

Will Plan expenses be deducted from my account balance?

Expenses allocated to all accounts. Subject to the terms of the investment arrangements funding the plan, the Plan might pay some or all Plan related expenses except for a limited category of expenses which the law requires your Employer to pay. The category of expenses which your Employer must pay are known as "settlor expenses." Generally, settlor expenses relate to the design, establishment or termination of the Plan. See the Plan Administrator for more details. The expenses charged to the Plan might be charged pro rata to each Participant in relation to the size of each Participant's account balance or might be charged equally to each Participant. In addition, some types of expenses might be charged only to some Participants based upon their use of a Plan feature or receipt of a Plan distribution. Finally, the Plan might charge expenses in a different manner as to Participants who have terminated employment with your Employer versus those Participants who remain employed with your Employer.

Terminated employee. After you terminate employment, subject to the terms of the investment arrangements funding the Plan, your Employer reserves the right to charge your account for your pro rata share of the Plan's administration expenses, regardless of whether your Employer pays some of these expenses on behalf of current employees.

Expenses allocated to individual accounts. There are certain other expenses that might be paid just from your account subject to the terms of the investment arrangements funding the Plan. These are expenses that are specifically incurred by, or attributable to, you. For example, if you are married and get divorced, the Plan might incur additional expenses if a court mandates that a portion of your account be paid to your ex-spouse. These additional expenses might be paid directly from your account (and not the accounts of other Participants) because they are directly attributable to you under the Plan. The Plan Administrator will inform you when there will be a charge (or charges) directly to your account.

Your Employer might, from time to time, change the manner in which expenses are allocated.

ARTICLE V VESTING

What is my vested interest in my account?

You are always 100% vested in all of your Plan accounts.

ARTICLE VI DISTRIBUTIONS PRIOR TO TERMINATION OF EMPLOYMENT

The Individual Agreements governing the investment options that you selected for your Plan contributions might contain additional limits on when you can take a distribution, the form of distribution that is available as well as your right to transfer among approved investment options. Please review both the following information in this Summary of Plan Provisions and the terms of your annuity contracts or custodial agreements before requesting a distribution. Contact your Employer or the investment vendor if you have questions regarding your distribution options.

Can I withdraw money from my account while working?

In-service distributions. You may be entitled to receive an in-service distribution. However, this distribution is not in addition to your other benefits and will therefore reduce the value of the benefits you will receive at retirement. This distribution is made at your election subject to possible administrative limitations on the frequency and actual timing of such distributions. You may withdraw amounts from accounts for rollover contributions at any time.

Conditions. Generally you may receive a distribution from certain accounts prior to termination of employment provided you satisfy any of the following conditions:

- you have attained age 59 1/2. Satisfying this condition allows you to receive distributions from all contribution accounts.
- you incur a disability (as defined in the Plan). Satisfying this condition allows you to receive distributions from all contribution accounts.

Annuity waiver. If you wish to receive any in-service distribution from the Plan in a single payment from your account, you (and your spouse, if married) must first waive the annuity form of payment. If you are married, you must get written consent from your spouse to take a distribution from the Plan in any form other than a qualified joint and survivor annuity. Your spouse's consent is also needed if you want to name someone other than your spouse as your beneficiary. The annuity would need to be structured to provide a benefit while you are both alive and then to provide a survivor benefit that is equal to 50 percent of the amount you received while you were both living. You can designate a different survivor percentage subject to certain limits under the qualified optional survivor annuity regulations. Your Employer will provide you with more information regarding your annuity options when it comes time for you to make a decision. Follow the procedures established by your Employer to document your spouse's consent to waive the annuity and take the payment in some other form permitted by the Plan. Your spouse must also consent to any Plan loans that you request.

ARTICLE VII DISTRIBUTIONS UPON TERMINATION OF EMPLOYMENT

To the extent permitted in the investment arrangements, the provisions in this Article apply to distributions from the Plan following termination of employment.

When can I get money out of the Plan?

You might be able to receive a distribution of some or all of your accounts in the Plan when you terminate employment with your Employer. The rules regarding the payment of death benefits to your beneficiary are described in the Article in this Summary entitled "Distributions upon Death."

If you terminate employment and your vested benefit exceeds \$5,000, you will be entitled to a distribution within a reasonable time after your termination. You must consent to this distribution. (See the question "How will my benefits be paid?" for a further explanation of how benefits are paid from the Plan.)

If you terminate employment, and the value of your vested benefit does not exceed \$5,000, then a distribution will automatically be paid to you even if you do not consent. Such distribution will be paid to you within a reasonable period of time after your termination of employment. See the question entitled "How will my benefits be paid to me?" for an explanation of how these benefits will be paid.

Treatment of "rollover" contributions for consent to distribution. In determining if the value of your vested account balance exceeds the \$5,000 threshold described above used to determine whether you must consent to a distribution, your "rollover account" will not be considered as part of your benefit.

Military Service. If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service may be considered service with your Employer. There might also be benefits for employees who die or become disabled while on active duty. Employees who receive wage continuation payments while in the military may benefit from various changes in the law. If you think you may be affected by these rules, ask the Plan Administrator for further details.

What is Normal Retirement Age and what is the significance of reaching Normal Retirement Age?

Normal Retirement Age. Your Normal Retirement Age is the date you reach age 65.

Payment of benefits. You will become 100% vested in all of your accounts under the Plan (assuming you are not already fully vested) if you are employed on or after your Normal Retirement Age. However, the actual payment of benefits generally will not begin until you have terminated employment. In such event, a distribution will be made, at your election, as soon as administratively feasible. If you remain employed past your Normal Retirement Age, you may generally defer the receipt of benefits until you actually terminate employment. In such event, benefit payments will begin as soon as feasible at your request, but generally not later than age 70 1/2. (See the question entitled "How will my benefits be paid to me?" for an explanation of how these benefits will be paid.)

When am I considered to be disabled under the Plan?

Definition of disability. Under the Plan, disability is defined as A Participant shall be deemed permanently and totally disabled who has been awarded and continues to be eligible for a Social Security Disability Benefit for permanent and total disability under Title II of the Social Security Act. The college may at any time or from time to time require evidence of continued entitlement to a Social Security Disability Benefit.

How will my benefits be paid to me?

The following provisions apply to the extent permitted under the investment arrangements in which the plan assets are invested.

Lump-sum distributions. If you terminate employment and your vested account balance does not exceed \$5,000, then your vested account balance might only be distributed to you in a single lump-sum payment.

Distribution methods. If you terminate employment and your vested account balance exceeds \$5,000 (or another amount as provided in your investment arrangement), then your vested account balance might be distributed to you under the following methods provided they are permitted under your investment arrangements:

- a single lump-sum payment
- installments over a period of not more than your assumed life expectancy (or the assumed life expectancies of you and your beneficiary)
- an annuity contract that the Vendor provides or purchases with your vested account balance
- ad-hoc distributions. You may request a distribution of some or all of your Plan accounts, at any time following your termination of employment, subject to any reasonable limits regarding timing and amounts as the Plan Administrator or your investment arrangements may impose.
- Any combination above and any option allowed under investment agreement documents.

Required beginning date. There are rules that require that certain minimum distributions be made from the Plan. Distributions are required to begin not later than the April 1st following the end of the year in which you reach age 70 1/2 or terminate employment, whichever is later. You should see the Plan Administrator if you think you might be affected by these rules.

Mandatory annuity distribution (subject to waiver). Subject to the provisions of your investment arrangements, if you are married on the date your benefits are to begin, you will automatically receive a joint and 50% survivor annuity, unless you and your spouse waive the annuity and elect an alternative form of payment. This means that you will receive payments for your life, and after your death, your surviving spouse will receive a monthly benefit for the remainder of his or her life equal to 50% of the benefit you were receiving at the time of your death. You may elect a joint and 75% survivor annuity instead of the standard joint and 50% survivor annuity. You should consult an advisor before making such election.

If you are not married on the date your benefits are to begin, you will automatically receive a life annuity, unless you waive the qualified annuity and elect an alternative form of payment. This means you will receive payments for as long as you live.

However, regardless of your marital status, if your vested account balance does not exceed \$5,000, then, depending on the terms of your investment arrangement, your vested account balance might be distributed to you in a single lump-sum payment and you might not receive the qualified annuity.

May I elect another distribution method?

Waiver of annuity. If your vested benefit in the Plan exceeds \$5,000, then when you are about to receive any distribution, the Plan Administrator will explain the joint and survivor annuity or the life annuity to you in greater detail. You will be given the option of waiving the joint and survivor annuity or the life annuity form of payment during the 180-day period before the annuity is to begin. **IF YOU ARE MARRIED, YOUR SPOUSE MUST IRREVOCABLY CONSENT IN WRITING TO THE WAIVER IN THE PRESENCE OF A NOTARY OR A PLAN REPRESENTATIVE.** You may revoke any waiver. The Plan Administrator will provide you with forms to make these elections. Since your spouse participates in these elections, you must immediately inform the Plan Administrator of any change in your marital status.

Other distribution method. If your vested account balance exceeds \$5,000 and if you and your spouse elect not to take a joint and survivor annuity, or if you are not married when your benefits are scheduled to begin and have elected not to take a life annuity, you may elect to receive distribution of your account balance under any alternative distribution method as described above.

ARTICLE VIII DISTRIBUTIONS UPON DEATH

What happens if I die while working for the Employer?

If you die while still employed by the Employer, then your account balance will be used to provide your beneficiary with a death benefit.

Who is the beneficiary of my death benefit?

Married Participant. If you are married at the time of your death, your spouse will be the beneficiary of 50% of the death benefit distributed as a qualified annuity. Any remaining amount of your death benefit which is not payable to your spouse as a qualified annuity will be paid to your beneficiary (which may be your spouse). You may designate a non-spouse beneficiary as to the portion of your account not payable as a qualified annuity without your spouse's consent. **IF YOU WISH TO WAIVE THE QUALIFIED ANNUITY BENEFIT, YOUR SPOUSE MUST IRREVOCABLY CONSENT TO WAIVE THE ANNUITY AND TO YOUR DESIGNATION OF ANY NON-SPOUSE BENEFICIARY. YOUR SPOUSE'S CONSENT MUST BE IN WRITING, BE WITNESSED BY A NOTARY OR A PLAN REPRESENTATIVE AND ACKNOWLEDGE THE SPECIFIC NON-SPOUSE BENEFICIARY.**

If you are married and you change your designation, then your spouse must again consent to the change. In addition, you may elect a beneficiary other than your spouse without your spouse's consent if your spouse cannot be located.

Unmarried Participant. If you are not married, you may designate a beneficiary of your choosing.

Divorce. If you have designated your spouse as your beneficiary for all or a part of your death benefit, then upon your divorce, the designation is no longer valid. This means that if you do not select a new beneficiary after your divorce, then you are treated as not having a beneficiary for that portion of the death benefit.

No beneficiary designation. Subject to the terms of the investment arrangements, at the time of your death, if you have not designated a beneficiary or the individual named as your beneficiary is not alive, then the death benefit will be paid in the following order of priority to:

Absent a valid Beneficiary designation under Section 7.05, if no Beneficiary survives the Participant, 50% to the Participant's Spouse and 50% to the Participant's estate or, where no Spouse exists, to the Participant's estate..

How will the death benefit be paid to my beneficiary?

Mandatory annuity distribution (subject to waiver). If the death benefit does not exceed \$5,000, then the benefit may only be paid as a lump-sum. If you are married at the time of your death and the death benefit exceeds \$5,000, then the death benefit will be paid to your spouse in the form of a qualified annuity as described above under "Who is the beneficiary of my death benefit?", unless you and your spouse waive the qualified annuity. If the qualified annuity applies, the Plan will purchase, using 50% of your account, an annuity contract providing for payments over the life of your spouse. The size of the monthly payments will depend on the value of your vested account at the time of your death.

Waiver of annuity. You and your spouse may waive the qualified annuity form of distribution. Generally, the period during which you and your spouse may waive the annuity begins as of the first day of the Plan Year in which you reach age 35 and ends when you die. The Plan Administrator must provide you with a detailed explanation of the annuity. This explanation must generally be given to you during the period of time beginning on the first day of the Plan Year in which you will reach age 32 and ending on the first day of the Plan Year in which you reach age 35. It is important that you inform the Plan Administrator when you reach age 32 so that you may receive this information.

Under a special rule, you and your spouse may waive the survivor annuity form of payment any time before you turn age 35. However, any waiver will become invalid at the beginning of the Plan Year in which you turn age 35, and you and your spouse will be required to make another waiver.

Distribution method/annuity waived. If you and your spouse waive the qualified annuity, and the death benefit exceeds \$5,000, the benefit may be paid to your spouse in the methods described above under "How will my benefits be paid to me?" provided the methods are permitted under your investment arrangements.

When must payments be made to my beneficiary (required minimum distributions)?

If your designated beneficiary is a person (other than your estate or most trusts) then minimum distributions of your death benefit must generally begin within one year of your death and must be paid over a period not extending beyond your beneficiary's life expectancy. If your spouse is the beneficiary, the start of payments may be delayed until the year in which you would have attained age 70 1/2. Generally, if you die before you are required to begin minimum distributions (which for most people is shortly after the later of age 70 1/2 or retirement) and your beneficiary is not a person, then your entire death benefit must be paid within five years after your death. Some investment products may allow a person to use this five-year rule. See the Plan Administrator for further details.

Since a spouse has certain rights in the death benefit, you should immediately report any change in your marital status to the Plan Administrator.

What happens if I terminate employment, commence required minimum distribution payments and then die before receiving all of my benefits?

If you are married at the time of death, the form of payment will be a life annuity to your surviving spouse as described above under "Mandatory annuity distribution (subject to waiver)," unless you and your spouse had waived the qualified annuity. In the event you had waived the qualified annuity, your beneficiary will be entitled to your remaining vested interest in the Plan at the time of your death. See the Plan Administrator for more information regarding the timing and method of payments that apply to your beneficiary.

**ARTICLE IX
TAX TREATMENT OF DISTRIBUTIONS**

What are my tax consequences when I receive a distribution from the Plan?

Generally, you must include any Plan distribution in your taxable income in the year in which you receive the distribution. The tax treatment may also depend on your age when you receive the distribution. Certain distributions made to you when you are under age 59 1/2 could be subject to an additional federal 10% penalty tax.

Can I elect a rollover to reduce or defer tax on my distribution?

Rollover or Direct Transfer. You may reduce, or defer entirely, the tax due on your distribution through use of one of the following methods:

(a) **60-day rollover.** You may roll over all or a portion of the distribution to an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the rollover. This will result in no tax being due until you begin withdrawing funds from the IRA or other qualified employer plan. The rollover of the distribution, however, **MUST** be made within strict time frames (normally, within 60 days after you receive your distribution). Under certain circumstances, all or a portion of a distribution may not qualify for this rollover treatment. In addition, most distributions will be subject to mandatory federal income tax withholding at a rate of 20%. This will reduce the amount you actually receive. For this reason, if you wish to roll over all or a portion of your distribution amount, then the direct rollover option described in paragraph (b) below would be the better choice.

(b) **Direct rollover.** For most distributions, you may request that a direct transfer (sometimes referred to as a direct rollover) of all or a portion of a distribution be made to either an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the transfer. A direct transfer will result in no tax being due until you withdraw funds from the IRA or other employer plan. Like the 60-day rollover, under certain circumstances all or a portion of the amount to be distributed may not qualify for this direct transfer. If you elect to actually receive the distribution rather than request a direct transfer, then in most cases 20% of the distribution amount will be withheld for federal income tax purposes. If you decide to directly transfer all or a portion of a distribution, you (and your spouse, if you are married) must first waive the qualified annuity form of payment. (See the question entitled "How will my benefits be paid to me?" for a further explanation of this waiver requirement.)

Automatic IRA Rollover of Certain Account Balances

If a mandatory distribution is being made to you before the later of age 62 or Normal Retirement Age and your vested account balance does not exceed \$5,000 (disregarding any rollover contribution), the Plan might distribute your vested portion in a single lump-sum payment. However, you may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). At the time of your termination of employment, the Plan Administrator will provide you with further information regarding your distribution rights. If the amount of the distribution exceeds \$1,000 (including any rollover contribution) and you do not elect either to receive or to roll over the distribution, the Plan automatically will roll over the distribution to an IRA. The IRA provider will invest the rollover funds in a type of investment designed to preserve principal and to provide a reasonable rate of return and liquidity (e.g., an interest-bearing account, a certificate of deposit or a money market fund). The IRA provider will charge your account for any expenses associated with the establishment and maintenance of the IRA and with the IRA investments. In addition, your beneficiary designation under the Plan, if any, will not apply to the rollover IRA. The IRA's terms will control in establishing a designated beneficiary under the IRA. You may transfer the IRA funds to any other IRA you choose. You may contact the Plan Administrator at the address and telephone number indicated in this Summary for further information regarding the Plan's automatic rollover provisions, the IRA provider and the fees and charges associated with the IRA.

Tax Notice. WHENEVER YOU RECEIVE A DISTRIBUTION THAT IS AN ELIGIBLE ROLLOVER DISTRIBUTION, THE PLAN ADMINISTRATOR WILL DELIVER TO YOU A MORE DETAILED EXPLANATION OF THESE OPTIONS. HOWEVER, THE RULES WHICH DETERMINE WHETHER YOU QUALIFY FOR FAVORABLE TAX TREATMENT ARE VERY COMPLEX. YOU SHOULD CONSULT WITH QUALIFIED TAX COUNSEL BEFORE MAKING A CHOICE.

**ARTICLE X
LOANS**

Is it possible to borrow money from the Plan?

No, it is not possible to borrow money from the Plan. Plan loans are not permitted.

**ARTICLE XI
CLAIMS PROCEDURES**

What happens if a domestic relations order is issued with respect to my benefits in the Plan?

The Plan Administrator must honor a domestic relations order (DRO). A DRO is defined as a decree or order issued by a court that obligates you to pay child support or alimony, or otherwise allocates a portion of your assets in the Plan to your spouse, former spouse, children or other dependents (referred to as alternate payees). If a DRO is received by the Plan Administrator, all or a portion of your benefits may be used to satisfy that obligation. Payments may not be made to an alternate payee prior to the time you would be entitled to a distribution. The Plan Administrator will determine the validity of any domestic relations order received. You and your beneficiaries can obtain from the Plan Administrator, without charge, a copy of the procedure used by the Plan Administrator to determine whether a domestic relations order is valid.

Can the Employer amend the Plan?

Your Employer has the right to amend the Plan at any time. In no event, however, will any amendment authorize or permit any part of the Plan assets to be used for purposes other than the exclusive benefit of Participants or their beneficiaries. Additionally, no amendment will cause any reduction in the amount credited to your account.

What happens if the Plan is discontinued or terminated?

Although your Employer intends to maintain the Plan indefinitely, your Employer reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to your accounts will continue to be 100% vested. Your Employer will direct the distribution of your accounts in a manner permitted by the Plan as soon as practicable. You will be notified if the Plan is terminated.

How do I submit a claim for Plan benefits?

Benefits will generally be paid to you and your beneficiaries without the necessity for formal claims. Contact the Plan Administrator or investment provider if you are entitled to benefits or if you think an error has been made in determining your benefits. Any such request should be in writing.

If the Plan Administrator determines the claim is valid, then you will receive a statement describing the amount of benefit, the method or methods of payment, the timing of distributions and other information relevant to the payment of the benefit.

**ARTICLE XII
GENERAL INFORMATION ABOUT THE PLAN**

There is certain general information which you may need to know about the Plan. This information has been summarized for you in this Article.

Plan Name

The full name of the Plan is Saint Mary's College of California 403 (b) Defined Contribution Retirement Plan.

Plan Effective Dates

This Plan was originally effective on September 1, 1949. The amended and restated provisions of the Plan become effective on July 1, 2018.

Other Plan Information

Plan Year. The Plan's records are maintained on a twelve-month period of time. This is known as the Plan Year. The Plan Year ends on June 30.

The Plan will be governed by the laws of California to the extent not governed by federal law.

Employer Information

The Employer's name, address, business telephone number and identification number are:

Saint Mary's College of California
1928 St. Mary's Road, PMB4227
Moraga, California 94575
925-631-4055
94-1156599

Plan Administrator Information

The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. For example, the Plan Administrator maintains the Plan records, including your account information, provides you with the forms you need to complete for Plan participation, and directs the payment of your account at the appropriate time. If you have any questions about the Plan or your participation, you should contact the Plan Administrator. The Plan Administrator may designate other parties to perform some duties of the Plan Administrator, and some duties are the responsibility of the investment provider(s) to the Plan.

The name, address and business telephone number of the Plan's Administrator are:

Saint Mary's College of California
1928 St. Mary's Road, PMB4227
Moraga, California 94575
925-631-4055
