Did You Know?

Telephone service at Saint Mary's will be portable by the end of the summer. What will this mean for you? Your office number will not be tied to a physical location and device, such as a phone on your desk. You will have the ability to use your number and a new application to send faxes, text messages, and even to set up a conference call using portable equipment from any location. Stay tuned to future Bulletins for more information.
