STEM CENTER

Center for Science, Technology,
Engineering and Math

Welcome to the STEM Center

LOCATED IN ASSUMPTION HALL

If you are looking to expand your abilities and interests in math and science, then you've come to the right place! The Science, Technology, Engineering, and Math (STEM) Center is an on-campus resource that provides academic and program support to students. At the STEM Center, we work with students in small groups and one-on-one sessions to ensure that your experience is engaging and productive. Your success is our goal.

Assumption Hall

calc@stmarys-ca.edu

The STEM Center is supported by the Caminos a Las Ciencias (CALC) Program. The CALC Program is funded by a U.S. Department of Education Title III, Part F HSI STEM grant, and offers a variety of services and programs to help students succeed in their academic goals at Saint Mary's.

DROP-IN TUTORING

Our STEM Center offers drop-in tutoring in biology, chemistry, math, and physics. The center is located in Assumption Hall. Qualified student tutors provide extended tutoring hours.

PATHWAYS TO SCIENCE SPEAKER SERIES

The goal of the Pathways to Science Speaker Series is to bring successful, diverse scientists to campus, emphasizing that everyone has a place in science.

ACADEMIC AND CAREER DEVELOPMENT

Our office provides assistance with textbooks and science-related conference registrations. Internship and summer research advising is also available. In addition, we offer GRE and MCAT preparation assistance. All services are based on eligibility and availability.

PEER MENTORING

Our program supports the Science Living and Learning Community. The community includes a peer mentor program for lower division science students.

A photograph of three students sitting at a table in a classroom or lab. On the left, a woman with long dark hair is smiling. In the center, a woman with long dark hair is looking towards the camera. On the right, a man with dark hair and a mustache is looking towards the right. They are all wearing casual t-shirts. The background shows computer monitors and a whiteboard.
