

English Major

Digital Studies Minor

As an English major, you will work closely with your professors, contemplating and writing about the principal genres of literature and the related medium of film. In the digital studies minor you will learn to analyze the digital environment, understand and utilize digital media production tools, and understand and utilize principles of digital programming (HTML5, CSS5, and Python). This major/minor will help prepare you for careers in the technology fields.

ENGLISH MAJOR REQUIREMENTS

LOWER DIVISION

English 19: Introduction to Literary Analysis

English 29: Approaches to Literature

UPPER DIVISION

English 175: Shakespeare

English 196: Senior Capstone

The remaining nine courses will be taken from the following five areas. Students must take at least one course in each area.

I. Historical surveys

II. Movements and Eras

III. Authors and Genres

IV. Theories and Methodologies

V: The Art of Writing and Other Literacies

To ensure breadth, students must also take at least one course that fulfills each of the following (these will be satisfied in area courses): British literature, American literature, pre-1800 literature, diverse literatures
