- Student Clubs and Organizations
  - Involvement Fair - First Week of Classes
- Intramurals
- Campus Events
- Mission & Ministry
  - New Student Retreat
  - Weekly Mass
- On Campus Job
  - Handshake
COVID-19 UPDATES

1. Students will commit to the Wellness Pledge.
2. Students complete a daily health screening with their downloaded LiveSafe app.
3. All community members must wear face coverings.
4. Maintain 6 feet distance from others in all academic and administrative campus buildings, dining venues, and outdoor spaces.
5. Students should have a personal thermometer to complete their daily health screening.
6. The Health and Wellness Center will be prepared to test students who have COVID-19 symptoms, and those who have had exposure to COVID-19.
7. When exposed or positive test results from COVID-19, students will be required to quarantine or isolate based on Public Health guidelines and College policy.
8. Contact tracing will be performed for any positive COVID-19 cases in collaboration with the Contra Costa Department of Health.
9. Review information and resources that will include key COVID-19 facts and links to reliable sources in our website.
10. For the health and safety of all students and other community members, we are developing a visitors and guests policy for any member of the public seeking to come to campus, including families of students living on campus.
If external & internal indicators suggest that it would not be safe to bring students back to campus, we will begin fall classes online while continuing to monitor these indicators about a possible return to multimodal and in-person instruction when it is safe to do so. Likewise with campus housing, if it is not possible to move students on campus on our scheduled dates, we will postpone the move-in dates until we are confident that students can safely reside on campus.
