

## Saint Mary's College of California First-Year On-Campus Residency Requirement Exemption - Policy

Saint Mary's College of California strongly believes in the value of the on-campus residential experience for students. Best practices and numerous student development studies have indicated the following regarding students who live on-campus during their first year of college.

- They earn better grades and have higher GPAs than non-resident counterparts.
- They develop stronger ties to the college and have a greater feeling of community with their peers.
- They report having greater opportunities to interact with faculty and staff and feel more connected to their educational experience
- They build more meaningful and lasting relationships with their peers.
- They are generally more satisfied with their college experience than students who live off-campus.
- They tend to graduate at a higher rate and finish college sooner than non-resident counterparts.

The College is committed to the social and academic benefits of being a residential college. All students considered to be in their "first-year" of college and attending as a full-time student (whether entering with transfer credit or not) are required to live on-campus. Students may apply for an exemption to this requirement. However, please be advised that because of the strong foundation that an on-campus experience provides for new students, few exemptions to the live-on requirement will be approved. "Distance from home to campus" typically are not reasons for an exemption to be approved. Students who anticipate having difficulties with college expenses, including housing costs, should contact the Financial Aid Office at (925) 631-4370 for determining eligibility for assistance with the cost of attendance.

### Exemption Process

There may be specific circumstances that would prevent a student from living in on-campus housing. Exemption from the residence requirement will only be considered for the following circumstances:

1. In a case of a student who is married or in domestic partnership and/or is a parent to dependent child(ren), as supported by documentation.
2. In a case of older students such as returning military or previously married or in a domestic partnership where, by virtue of age and experience, are incompatible with the educational objectives and values sought to be provided in the residences.
3. In a case where it appears that a full-time undergraduate student will otherwise suffer significant physical hardship, as supported by documentation from a non-familial physician or treating professional (e.g. must live with an attendant or requires equipment that cannot be accommodated in a residence hall room.) *Note: If you are filing a request based on a documented disability, please file your request with the Office of Student Disability Services (925) 631-4358 prior to filling out this Housing Exemption form.*

Please be reminded that students who anticipate having difficulties with college expenses, including housing costs, should *first* contact the Financial Aid Office at (925) 631-4370 for determining eligibility for assistance with the cost of attendance prior to filling out this Housing Exemption form.

All exemption requests must be received prior to July 1<sup>st</sup> for the academic year and January 1<sup>st</sup> for students entering at the beginning of the January or spring term. Students failing to submit an exemption request from prior to the deadline will be assessed mandatory housing/dining fees. An application for exemption from the on-campus housing requirement does not guarantee nor imply that an exemption will be granted. Students should assume that their request has not been granted until they receive written notification of approval and should not make other living arrangements, enter into a rental or lease agreement with a third party realtor or lease until such notification. Upon receipt of the student's request for an exemption and all supporting documentation, the request will be reviewed by the appropriate campus committee and their decision will be communicated to the student within ten (10) business days of the July 1<sup>st</sup> /January 1<sup>st</sup> deadline. A delay in response from the committee past 10 business days does not constitute automatic approval of your request.

Questions may be directed to Dr. Evette Castillo Clark, Dean of Students, at 925-631-4238 or [dos@stmarys-ca.edu](mailto:dos@stmarys-ca.edu). The Housing Exemption Appeals Review Committee is comprised of the Dean of Students (Chair), Assistant Vice Provost of Student Success, Dean of Admissions, and Dean of Financial Aid.

**Saint Mary's College of California**  
**First-Year On-Campus Residency Requirement Exemption - Request Form**

Student Name: \_\_\_\_\_ SMC ID# \_\_\_\_\_ Date of Birth: \_\_\_\_/\_\_\_\_/\_\_\_\_

Home address: \_\_\_\_\_  
Street City State Zip Code

Home phone: (\_\_\_\_\_) \_\_\_\_\_ Cell phone: (\_\_\_\_\_) \_\_\_\_\_
