Revised Syllabus for Common Good application

Hi Cynthia (copy to Jim),

I'm not sure if you're the chair of the "Common Good" Working Group, but I figured I'd send this to you since I know (at least) that you're on that group. This is a slightly revised syllabus that I would appreciate you including it in my application for TRS 117 (to meet the Common Good outcomes) along with the other documents I already submitted. I edited the previous one because I realized I failed to add the specific outcomes into my syllabus. (Previously, I sent Jim a current syllabus from the class, but it didn't have the outcomes for Common Good. I've fixed that... Please accept my apologies... (I thought I'd save you and others the time of having to inform me that this part of my application was incomplete...))

Thanks,

Michael
