Program Goals
January Term

• To encourage students to take classes in areas outside of their major and minor areas of study.
• To create spaces for faculty to develop new, rich and exciting areas of shared inquiry with students.
• To make travel abroad opportunities accessible to as many students as possible.
• To animate the space between the traditional semesters with intensive educational experiences.
• To encourage inter-disciplinary modes of inquiry across the campus in curricular and co-curricular events.
• To facilitate engagement with communities outside the academy.
