This Schedule of Benefits provides specific details about your prescription drug benefit, as well as the exclusions and limitations. Together, this document and the Supplement to the Combined Evidence of Coverage and Disclosure Form as well as the medical Combined Evidence of Coverage and Disclosure Form determine the exact terms and conditions of your prescription drug coverage.

What do I pay when I fill a prescription?
You will pay only a Copayment when filling a prescription at a UnitedHealthcare Participating Pharmacy. You will pay a Copayment every time a prescription is filled. Your Copayments are as shown in the grid above.

There are selected brand-name medications where you will pay a generic Copayment of just $10. A copy of the Selected Brands List is available upon request from UnitedHealthcare's Customer Service department and may be found on UnitedHealthcare's Web site at www.uhcwest.com.

Preauthorization
Selected generic Formulary, brand-name Formulary and non-Formulary medications require a Member to go through a Preauthorization process using criteria based upon Food and Drug Administration (FDA)-approved indications or medical findings, and the current availability of the medication. UnitedHealthcare reviews requests for these selected medications to ensure that they are Medically Necessary, being prescribed according to treatment guidelines consistent with standard professional practice and are not otherwise excluded from coverage.

Because UnitedHealthcare offers a comprehensive Formulary, selected non-Formulary medications will not be covered until one or more Formulary alternatives, or non-Formulary preferred drugs have been tried. UnitedHealthcare understands that situations arise when it may be Medically Necessary for you to receive a certain medication without trying an alternative drug first. In these instances, your Participating Physicians will need to provide evidence to UnitedHealthcare in the form of documents, lab results, records or clinical trials that establish the use of the requested medications as Medically Necessary. Participating Physicians may call or fax Preauthorization requests to UnitedHealthcare. Applicable Copayments will be charged for prescriptions that require Preauthorization if approved.

For a list of the selected medications that require UnitedHealthcare’s Preauthorization, please contact UnitedHealthcare’s Customer Service department.
