Hi Susie, Maria, and Roy,

Just a note to thank you for appearing before the UEPC this afternoon.

The committee was generally quite pleased with the quality of your replies to our questions and concerns. Many of the issues that were raised at our Feb conversation were answered to the satisfaction of all present.

I am pleased to report that the proposal to approve Akita University as a Study Abroad option for our students passed by a vote of 7 for/0 against/0 abstaining.

Please let me know if you have further questions or concerns.

Collegially,

Dave
