

MACKEN

Debate & Speech Team

Compete for Us!

The Macken Debate & Speech team provides an outstanding opportunity to competitively experienced students to meet and work with great people--both at SMC and other universities--while competing in events that help you continue developing research, critical analysis, and public communication skills. Any major can benefit from competing with the team: from Anthropology to History to Integral to Politics, different majors bring different and welcome knowledge to the team from which we all benefit.

Among the awards the team earned last year: 4-year Tournament Sweepstakes, 4-year Debate Tournament Sweepstakes, Tournament Top Speaker, and advanced a team to elimination rounds at both the National Parliamentary Debate Association National Tournament (NPDA) and National Parliamentary Tournament of Excellence (NPTE).
