Social Media

Each club is approved and encouraged to use social media as long as these standards are being met. Representation of team, department or college is in good taste and presents no danger to others. In the event that a social media post/picture presents a negative context of the club, department or College, the team or individuals will be dismissed and the club will fall into an inactive status. Any personal post/picture demonstrating acts that are not following the Club Sport Code of Conduct while representing the team (function, event, game, wearing uniforms, etc), will be cause for dismissal of the team.

*If the team does not have designated social media page/is run by appointed individual, team page will be run by Erin Davis
