Rules

- Week three through week 17 of the NFL regular season.
- Participants have until 1hr before kickoff of the Thursday Night NFL game to submit their picks. If there is any technology, electronic, software, or any other errors that occur with submission, then that participant may turn in their picks 1hr before the 1st Sunday NFL game starts. Please note, if this happens then Thursday will automatically be recorded as a loss.
- Tie breaker will be based on total points scored on the Monday NFL game. Again, you just pick what you think the total number will be.
- In the event there is a tie on participants records at the end of the NFL regular season, we will continue into the NFL Playoff schedule for NFL Playoff PickEms (if necessary).
