1. Informations and Updates

(a) TUG Chairs meeting (Zach)

(b) CCC, Registrar, Transfer (Jim) – see attachment.

Note in particular,

i. The Catalog is not a ‘contract’

ii. The Registrar is comfortable dealing with section-by-section designation for EtW goals.

iii. A credit-chart will be used to determine which transfer students are responsible for the Core.

iv. Writing in the Discipline

(c) Other?

2. Beginnings of Assessment. We plan to start with SHC. (Chris)

3. The relation between the Habits of Mind learning goals and Composition & Collegiate Seminar. (Jim)

We have declared that while the HoM learning outcomes implicitly appear in a vast variety of courses, at the traditional undergraduate level we will accept only Composition and Collegiate Seminar as ways of meeting the Hom requirement. Should a similar rule hold for adult and graduate programs?

4. Designating sections of courses for EtW. (Jim)

How to do this? When to do this?

5. Writing in the Discipline (Jim)

The HoM WG is aiming to outline the purpose and requirements of this course by the end of the semester. Attached is a draft. Comments are welcome.

Question: Must this course be a full-credit course? Can this be completed by four .25cr courses? By one .25cr course? (Jim will deliver our feedback to HoMWG, who will then make a recommendation to the CCC.)

6. Summer Tasks for the CCC (Jim, all)
