

# P.R.E.P Program

**Providing Resources for Educational Progress:**

## **A Transition Program for Students with Disabilities**

Student Disability Services (SDS) invites incoming students with disabilities who desire extra time and support in the transition to college to register for the PREP program. Participating students move onto campus August 24, prior to the rest of the freshman class. Students will meet other incoming freshmen receiving SDS support, tour the campus and become familiar with classroom locations, and participate in workshops to become acquainted with SDS services and other resources on campus. Funding for the program has been provided by a generous donor, no additional fees are required to participate.

- In order to be eligible for the PREP program, students must have a qualifying disability or medical condition and have applied for ADA accommodations through the SDS online portal on the St. Mary's website.
- Participating students agree to attend all PREP programming scheduled August 24-August 25 and commit to attend monthly SDS programming throughout the 2021/2022 academic year.
- Space is limited to 20 incoming students and interest should be expressed as soon as possible and no later than July 15th to [sds@stmarys-ca.edu](mailto:sds@stmarys-ca.edu)
- Questions about the program? Contact us at (925)631-4358 or [sds@stmarys-ca.edu](mailto:sds@stmarys-ca.edu)
